Reston, VA 20191

---

## Personal Statement:

College graduate seeking to transition into a career in Data Analytics. Developed expertise in utilizing industry trusted programs, platforms, and coding languages such as Excel, SQL, Python, Tableau and R. A proven self-starter, who enjoys further augmenting my mastery of aforementioned concepts and tools through auxiliary experience. By utilizing advanced comprehension skills provides meaningful insight in areas regarding technological considerations, human factors, and business strategy. Provides clients and end-users support through the implementation of well-developed analytical methodologies, creative problem solving, concise communication, concerted efforts, and quick-thinking skills. This is further augmented through the use of proven and emerging technologies, efficient use of processes such as creating dashboards to enhance understanding through visual aids, as well as application of known best practices for varying scenarios. Curious, passionate, and eager to expand current skill set regarding the use of programs such as SQL, Python and Excel; as well as qualitative and quantitative analysis for the purpose of meeting industry standards in regards to data acquisition, data manipulation and data visualization.

## SKILLS

- Python
- SQL (<https://github.com/lamWright99/SQL-Exploration>)
- Microsoft Excel
- Tableau ([https://public.tableau.com/views/Tableau\\_SQL\\_Visualization/Dashboard1?:language=en-US&publish=yes&:display\\_count=n&:origin=viz\\_share\\_link](https://public.tableau.com/views/Tableau_SQL_Visualization/Dashboard1?:language=en-US&publish=yes&:display_count=n&:origin=viz_share_link))
- R (<https://github.com/lamWright99/Credit-Card-Attrition-EDA>)
- Power BI (<https://github.com/lamWright99/NY-Hospital-Dashboard>)

## PROJECTS

Used Car Sales Exploratory Analysis

Ongoing

- Software Used/ Responsibilities:

- *Python*
- *Microsoft Excel/ Microsoft Word*
- *Data Visualization, EDA, Data cleaning, Data scaling, Data Manipulation, Data modeling, Data reporting*

NY Hospital Dashboard

October 2023

- Software Used/ Responsibilities:

- *Power BI/Power Query*
- *Data Visualization, EDA, Data reporting, KPI*

Covid SQL Exploration

June 2023

- Software Used/ Responsibilities:

- *Microsoft SQL, Microsoft Excel, Tableau public*
- *Data Visualization, EDA, Data cleaning, Data scaling, Data Manipulation, Data modeling, Data reporting,*

Credit Card attrition EDA

May 2022 – May 2022

- Software Used/ Responsibilities:

- *R (software)/ R studio/ Visual studio code*
- *Microsoft Excel/ Microsoft Word*
- *Data Visualization, EDA, Data cleaning, Data scaling, Data Manipulation, Data modeling*

## EDUCATION

Saint Anselm College, Manchester, NH

August 2018 – May 2022

- Degree Earned: Bachelor of Arts in Computer Science
- Relevant Course:

- Computing I/II
- Business Statistics
- Data Structures and Algorithm
- Data Science and Analytics
- Artificial intelligence

#### WORK EXPERIENCE

Target Corporation, Reston, VA

October 2022 – Present

##### *Style Consultant*

- Collaborated with clients with individual purchasing needs based on their current needs or budget
- Well versed in various departments and displaying ingenuity to provide assistance when needed generating more frequent online orders and alleviating workload to enhance productivity amongst staff.
- Competent in compiling inventory to ensure total inventory is above 95% on a consistent weekly basis resulting in consistent sales
- Ensure that online orders are completed and delivered within 1 hour of order to inhibit order backup and client frustration.
